

All Ireland International Conference

**Pushing Boundaries in Palliative
and End of Life Care**

When: 6 to 7 October 2009

Where: Stormont Hotel, Belfast

**Northern
Ireland
Hospice**

This conference will promote the continual growth of service improvement and practice development within palliative and end of life care; pushing the boundaries of understanding to demonstrate the relevance of this high quality care to patients and their families, irrespective of diagnosis or care setting.

Who should attend?

This conference will capture new developments in palliative and end of life care from professional and users' perspectives, and will inspire those who shape policy and commission palliative and end of life care services. It will be of great interest to all health and social care professionals in the primary, acute, independent and voluntary sectors who seek to deliver responsive holistic patient centred care.

Outline Programme

Presentations from nationally and internationally renowned speakers will provide a very comprehensive and holistic programme; evidence based in the knowledge and understanding which evolves as we push the boundaries of palliative and end of life care.
